Why Preplan?

Preplanning allows you to make informed choices, while at the same time, relieve your family from the burden of managing difficult decisions on your behalf while under emotional – and often financial – stress.

Although you do not have to be a member to use Direct Cremation services, many people choose to join our free membership program, which allows them to lock in today's price for tomorrow's need.

Becoming a member is easy. Simply complete and return this form either by mail, fax or email and you'll be assured that when the time comes, your simple cremation will be guaranteed for \$1250. Although not necessary or required to lock in the price, you can prepay for the cremation services if desired.

With cremation services in New Hampshire, Maine and Massachusetts reaching upwards of \$3,000 these days, locking in \$1,250 now for cremation services down the road makes good sense and will protect your family from future inflation costs.
